*supplies needed daily:*

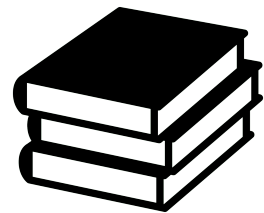

PENCILS & PENS

SCIENTIFIC CALCULATOR  
(such as TI-30XIIS)

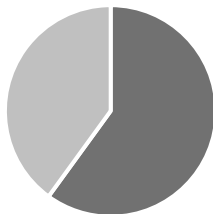

1.5" MATH BINDER WITH 4  
DIVIDERS & LOOSE LEAF PAPER

TEXTBOOK

GRADING POLICY

Homework  
& Activities  
(~30%)

Tests &  
Quizzes  
(~70%)

**Homework/Activities:**

- Graded on accuracy or effort
- Must write in pencil
- Copy original problem
- Show all your steps
- Circle answers
- Skip lines

**Tests/Quizzes:**

- Unannounced Mini Quizzes
- Announced Quizzes (~40 pts)
- Tests (~100 pts)

LATE WORK POLICY

Late work is accepted for half credit.

EXTRA CREDIT  
REWARD

If a student has NO missing assignments at the end of the quarter, he/she will receive an extra credit bonus.

## ABSENT?

You are responsible for completing missed work when you are absent. You have one day to make-up work for each day you are absent. For example, if you are out for 3 days, you will have

3 days to complete the work you missed and turn it in. After 3 days, the assignment will be late. Make-up work will need to be completed outside of class time as homework. Be sure to snap a picture of your friend's notes, copy down the homework assignment from a friend or teacher, and pick up any handouts from the absent folder.

## GRAPHING CALCULATOR

Students will use graphing calculators throughout this course. During class, students will use the classroom set of **TI-84 PLUS** graphing calculators. If a student does not have their own graphing calculator at home, they will be asked to use a free online graphing calculator to complete their work.

### electronic device policy

Electronic devices must be out of sight unless otherwise instructed by teacher. This is non-negotiable.

Electronic devices will be collected during all quizzes and tests.

## ACADEMIC DISHONESTY

Academic dishonesty will NOT be tolerated under any circumstances. Cheating, copying or plagiarism of any form will result in failure of the assignment, disciplinary action and parent contact.

## HOMEWORK PHILOSOPHY

Mathematics is a subject area that requires "practice" in order to be successful. Homework is assigned daily so students have an opportunity to practice. Not only is it important to complete your homework but it is also important to strive towards accuracy. Not every assignment will be graded but feedback will always be provided so you can improve. Your daily work is critical to your success on quizzes and tests.

## SEEK HELP

Visit [www.ulovemath.com](http://www.ulovemath.com) to access video tutorials organized by unit, practice quizzes, handouts, graph paper, recommended websites, etc.

Student tutoring can be arranged during lunch. Homework Club is available after school in the media center. Mrs. Gilbert is available by appointment.

## POWER SCHOOL

Grades are updated periodically and can be viewed by logging into Power School. Please check Power School regularly.

MALOW JUNIOR HIGH - ALGEBRA I  
2019 *mrs. gilbert* 2020

---

I have read Mrs. Gilbert's syllabus. I clearly understand the expectations of this course and I understand my responsibilities as a student.

I also understand Algebra is the foundation for all higher mathematics classes. It is important to have a solid grasp of the material learned in this class in order to be successful in future math classes. Therefore a "B" average or higher must be maintained in this class in order to be recommended for Accelerated Geometry next year.

Algebra I is a high school math course. Seventh and eighth graders must earn a 70% or higher to receive credit. If not, the student would need to retake the course. In addition, the Algebra midterm exam and final exam are each worth 20% of the semester grade.
